

Audirvana

Installation Procedure

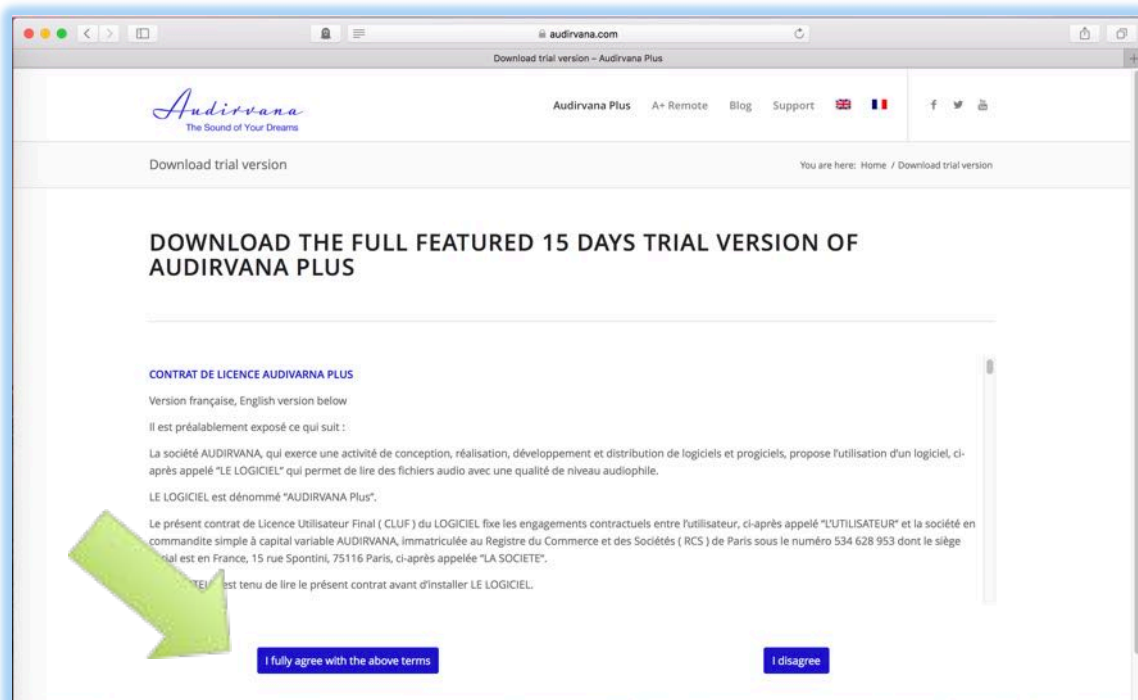

- 1. Prerequisite : Install the trial version**
- 2. Enter your license key**

**Prerequisite before loading your purchased license:
Install the trial version**

1. Go to audirvana.com
2. Click on “Try Now” button as shown below

3. This leads you to the « Download trial version page » as shown below:

4. Click on “I fully agree with above terms” to initiate the download

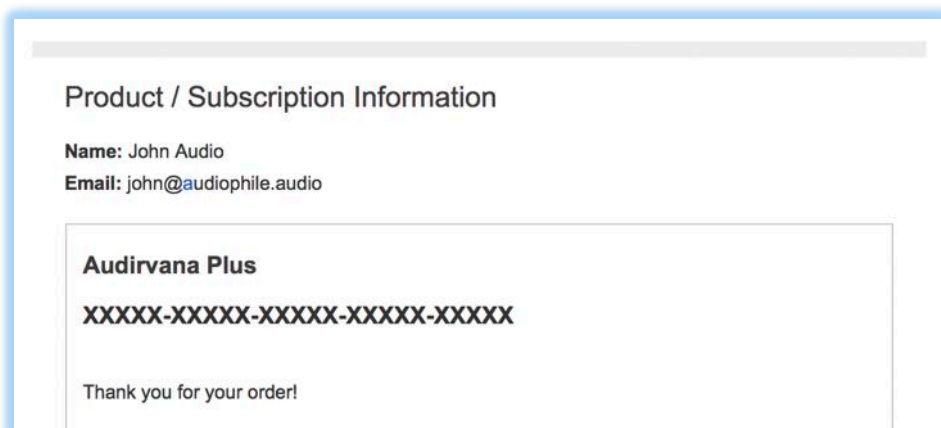

Then click on the downloaded file (AudirvanaPlus_3.x.x.dmg) to open the disk image. After accepting the license contract, you then get the disk image as below :

Drag and drop the “Audirvana Plus” icon onto the “Applications” icon as shown by the arrow to install the program.

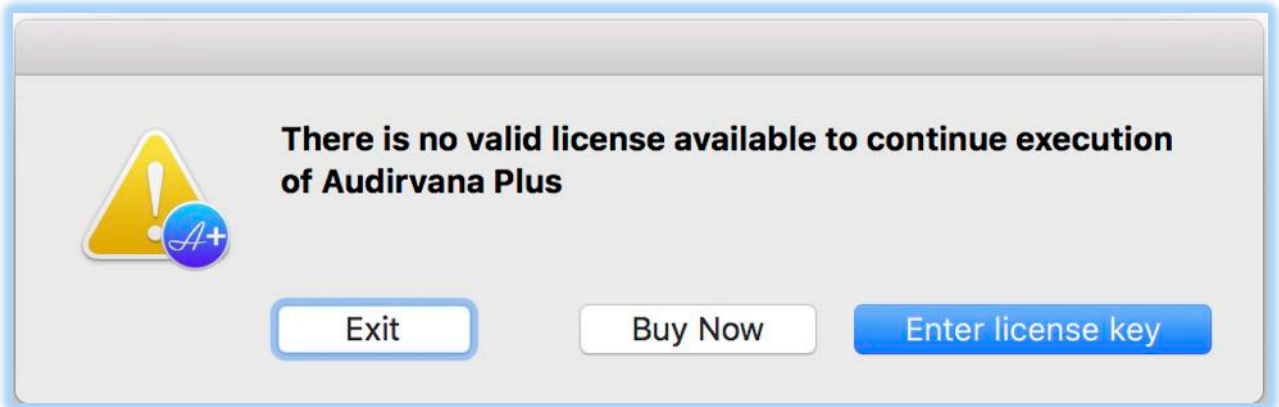

Step 2: Unlock the trial version by entering your license key

1. Open the mail you have received after your purchase, from Avangate (titled “Your order on www.audirvana.com: Product and payment information”), that contains your license key:

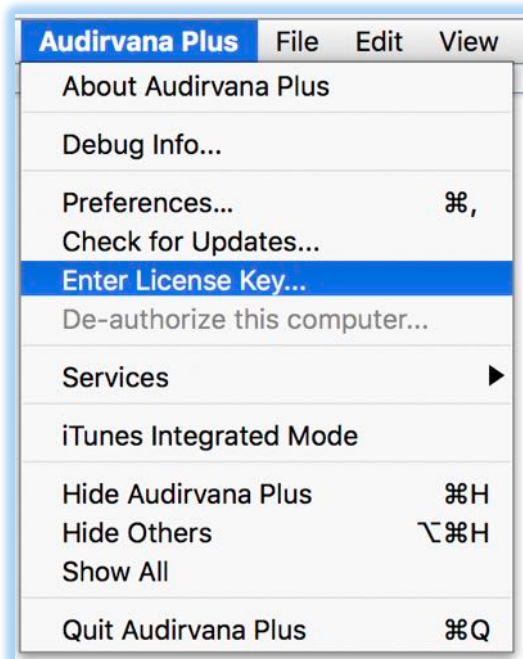

2. Launch Audirvana Plus (it should be in your Applications)

3. If your license period has expired you should get the following popup:

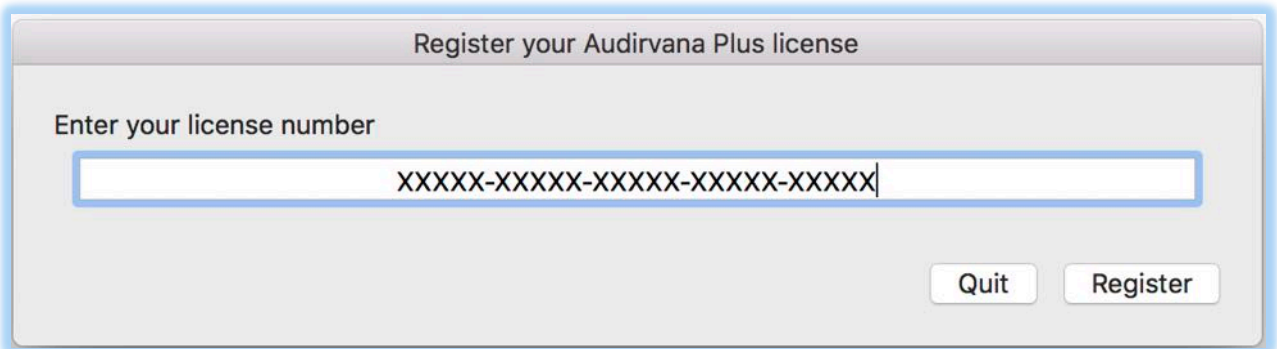

Click on “Enter License Key”

Or, if you don’t get this popup at startup, use the “Enter License Key...” command of the “Audirvana Plus” menu:

4. Enter your license key:

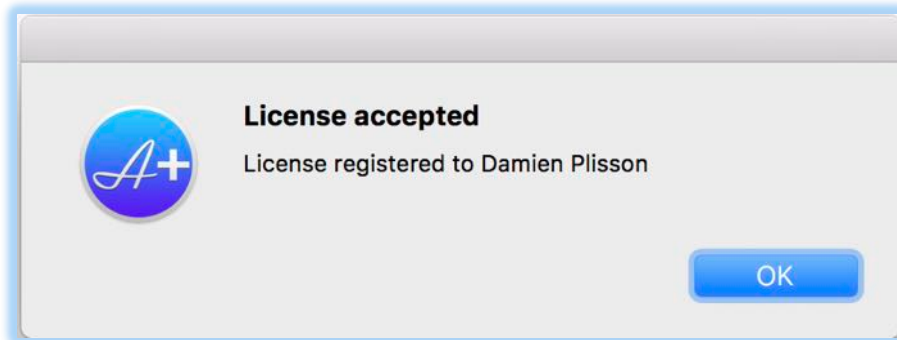

Register your Audirvana Plus license

Enter your license number

XXXXXX-XXXXXX-XXXXXX-XXXXXX-XXXXXX

Quit Register

5. You get the confirmation message and you're done!

Thank you for your purchase!
